

# Networking Reception & Exhibition

Launch of the MEP Group for Kidney Health – 2024-2029 mandate

18:00-19:15

12<sup>th</sup> Floor Restaurant, EP Spaak Building

Step into the future of  
medical education

Experience rare renal disease  
training like never before  
with our immersive headsets!

**VR** EXPERIENCE  
SESSIONS

The networking reception and exhibition will follow the European Kidney Forum ‘Early detection, better outcomes: advancing kidney disease screening in the EU’ which will take place on the same day from 15:30 to 17:30 in the European Parliament (Room A3F383).

The reception will be the opportunity to relaunch the MEP Group for Kidney Health, meet new or re-elected members and get acquainted with kidney disease, through a short exhibition including dedicated posters, flyers and a VR headset offering an immersive experience leveraging medical education about rare renal diseases to the next level (more information below).
